Pack 282 Leader

- ❖ Copy of Youth Protection Training card (YPT)
- ❖ Class names and class dates of training already taken

Since you are registered with the Pack and perform a leadership role please take a few minutes to read below for additional information.

YPT -

If you have your card, make a copy and submit to Pack Trainer or Committee Chairman.

If you do NOT have your card or have not been to a YPT course continue reading- YPT is valid for three years. I highly recommend taking the online course. (See below for training links)

Note:

After you complete the online test and submit your data, PRINT each screen for backup records (see below) until your YPT card is received.

If you are a leader that has been registered for more than 4 months you should receive your YPT card via E-Mail. Print and keep a copy for your records. Forward the E-Mail to the Pack Trainer and Committee Chairman.

If you do not receive your YPT card via E-Mail within two days provide the hardcopy backup information to the Pack Trainer and a card will be generated for you from the District Training Team.

If you are newly registered leader (less than 3-4 months active) provide the hardcopy backup information to the Pack Trainer and a card will be generated for you from the District Training Team.

If you have not attended the following applicable classes please do so before the next Scouting year to help strengthen your son's Scouting program .
